Visual Effects - CG Generalist

SUMMARY

I'm a BFA Visual effects student with experience in 3D modelling, texturing, environment building, and visual storytelling, with leadership qualities and a photography hobby which helps in cinematography. Skilled in tools like: Maya, Houdini, Cinema 4D, Unreal Engine, Substance Painter and Nuke, with a strong eye for detail and composition. Experienced in organizing and working in teams, managing creative work, and supporting peers, able to balance multiple projects while maintaining quality and efficiency. Seeking opportunities to contribute to innovative visual effects and motion media work.

WORK EXPERIENCE

SCADhome Office Assistant – SCAD, Savannah | Feb 2026 – Present

- Run front desk, handling check-ins, scheduling, and questions to keep things running smoothly.
- Responded to student concerns with empathy and clear, professional communication.
- Supported administrative tasks to keep the community clean, organized, accessible, and welcoming.

SCAD District Newspaper – SCAD, Savannah | Photographer | March 2025

- Photographed Hive Café and damaged or missing dishware for a humorous story.
- Created “evidence” scenes of dishes in dorms to support the narrative.
- Gold Circle Award by CSPA 2026 for General or Humor Commentary — "The Case of the Disappearing Dishes," by Aashish Kumar Bankala and Miha Palancha, published in SCAD District.

Franklin Joseph Project Consultant | Graphic Designer & Editor | August 2022

- Designed event-specific posters aligned with the company's branding
- Created and edited professional presentations for internal use
- Executed mail merge tasks for efficient communication workflows
- Collaborated with a small creative team to refine the company's visual assets
